Summer Soccer Camps

Draganov's School of Soccer Mission

Draganov School of Soccer's first objective is to create a safe, fun-filled, learning environment where each player strengthens and sustains their overall appreciation for soccer. We are sensitive to each player's developmental needs and we use age-specific training methods to educate players in the technical, tactical, physical, and psychological demands of the soccer game. Our staff strives for excellence while acting as positive role models. We encourage participants to have fun, try hard, improve their soccer playing ability, and learn life lessons from the sport.
